QUILTED BY MARILYN BADGER

The quilt on the cover of the May 2006 issue of *Quilter's Newsletter Magazine* (No. 382) is *Casablanca*, made with stylized paper-foundation pieced Pineapple blocks. A line drawing of the quilt's center is given in the issue. Here is an enlarged version of the drawing for you to print out. Have fun playing with various color combinations. The paper-foundation units are given here for your convenience. The finished blocks in the original quilt are 12" square. The patterns given here make a 6" block.
