

# IN A PICKLE

## Feather Twist Quilting Motif

Linda Tellesbo, a longarm quilter from Lynnwood, Washington, designed the Feather Twist motif for Carol Buchan's wall hanging In a Pickle.

The pattern for In a Pickle appears as a three-part series in the January/February, March, and April 2008 issues of QN. Here is the Feather Twist motif—it's also printed in part 1 of the pattern.
